

The background of the advertisement is a photograph of a light green composite door set within a wall of large, irregular, light-colored stones. Above the door is a black lantern-style light fixture. To the left of the door is a green bush, and to the right are some small white and purple flowers. The sky is visible in the upper left corner.

Enhance your home with strong, secure and stylish Inliten Composite Door.

The Inliten composite collection offers home owners a door composed of quality, durable and thermally efficient materials.

Add to that a range of traditional and contemporary doors styles, unique and handcrafted glass designs, and genuine grain-effect finishes.

## Single & Double Rebate

Inliten composite doors are available with a single rebated option (44mm) or double rebated option (70mm), and are fitted to an Inliten PVCu door frame; ensuring that the door is suitable for both new build and replacement projects.

## Strong & Durable

Advanced manufacturing techniques ensures that all Inliten composite doors are extremely robust, durable and long lasting. Door slabs are backed by a 10 year performance guarantee and door frames by a 15 year guarantee.

## Energy Efficiency

All doors and glazing units in the Inliten composite collection offer excellent energy efficiency properties; helping to eliminate heat loss from the home, and saving you money on home heating bills.

## Performance & Maintenance

Only the toughest materials are used to form the Inliten composite door, ensuring that your door will retain its shape and form, will not rot or warp, and will require only the minimal amount of maintenance.

## Glass Designs

The Inliten composite door collection offers a range of traditional and modern decorative glass designs. All designs are handcrafted at our in-house glass studio, and are available in a range of double and triple glazed applications.

## Colour Choice

The Inliten composite door has been designed with a genuine grain-effect finish. Personalise your door with one of our classic standard colours or select a spray-painted RAL colour of your choice.

# Door Features

Choosing the right entrance door for your home is an important decision.

Inliten composite doors are designed to provide maximum security, optimal weather-resistance and enhanced energy efficiency, whilst still maintaining style, quality and performance.

## Door Materials

Constructed from high density CFC-free polyurethane foam, layers of timber, and glass-reinforced plastic outer skins, Inliten composite doors offer exceptional levels of strength, thermal efficiency and weather performance.

## Strength & Security

Available with 44mm or 70mm thickness, Inliten composites are extremely durable, robust and impact-resistant. Glass may be toughened or laminated for extra security. Doors are tested to the requirements of PAS 24 security standards.

## High Performance Frames

Composite doors are fitted to our secure and durable Inliten 70mm PVCu door frames, and are available in white or a colour of your choosing. Inliten door frames are backed by an exclusive 15 year product performance guarantee.

## Double & Triple Glazing

High performance double and triple glazed units offer excellent insulation, noise reduction and weather resistance. Decorative designs in triple glazing are fitted to the middle pane; concealing them from any harsh weather conditions.

## Door Furniture

Composite doors are fitted with only the highest performance door furniture and hardware as standard. All components are specially selected to ensure long-term performance whilst still maintaining the aesthetic appeal of the door.

## Energy Efficiency

The Inliten composite door is designed to provide maximum thermal insulation; ensuring that heat and energy is kept inside the home. This also has a positive effect on the environment as waste energy emissions are significantly reduced.

## High Security Locking

Keeping your home safe and secure is of paramount importance; that is why all Inliten composite door locking systems are designed for maximum security and feature multi-point locking mechanisms as standard.

## Advanced Locking

For enhanced security, hook locks are available with our double rebated door range. Hooks are situated at the top and bottom of the locking system and slot firmly into keeps located on the door frame.

## Adjustable Hinges

To further improve the security and durability of the double rebated composite door, we offer a high-security and 3D-adjustable flag hinge. The hinge is slim and unobtrusive, ensuring the aesthetic appeal of your door is not compromised.

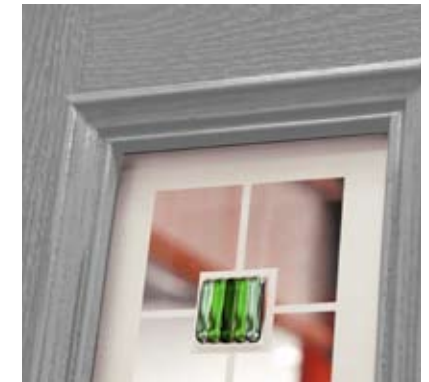

## Weather Performance

All components of the composite door offer full weather performance properties: from weather-resistant GRP outer skins, to bespoke weather deflectors fitted to the base of the door, protecting your home during harsh weather conditions.

## Door Thresholds

Composite doors are available with a range of threshold options: from standard PVC, to low/flush thresholds for disabled access, and high performance aluminium for enhanced weather protection.

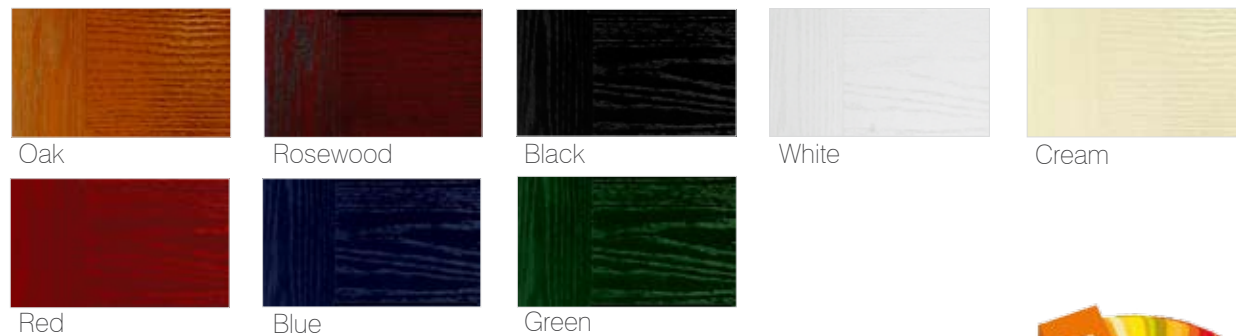

## Finish & Appearance

All door skins feature an authentic grain-effect finish, giving the appearance of a timber door but with the added benefits of modern materials. A range of colour finishes and decorative glass options are available to personalise your door.

# Door Finishes

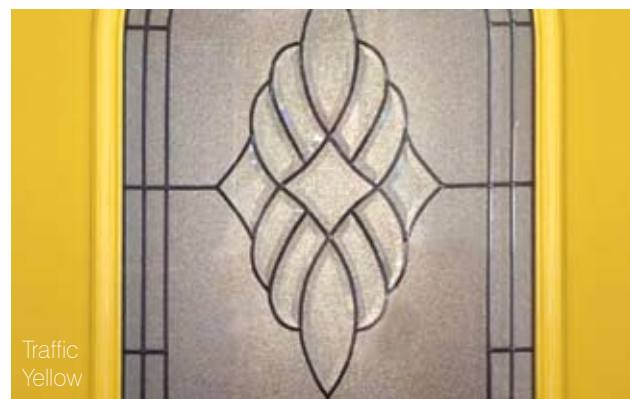

## Colour Options

Choose from one of our eight popular door colour finishes, from warm oak to sleek black. Door frames are available to match your door colour selection. The composite door colour range includes:

## RAL Colours

Personalise your door to a colour of your choice by selecting a spray painted RAL colour; from traditional Chartwell Green to contemporary Signal Violet or bold Traffic Yellow.

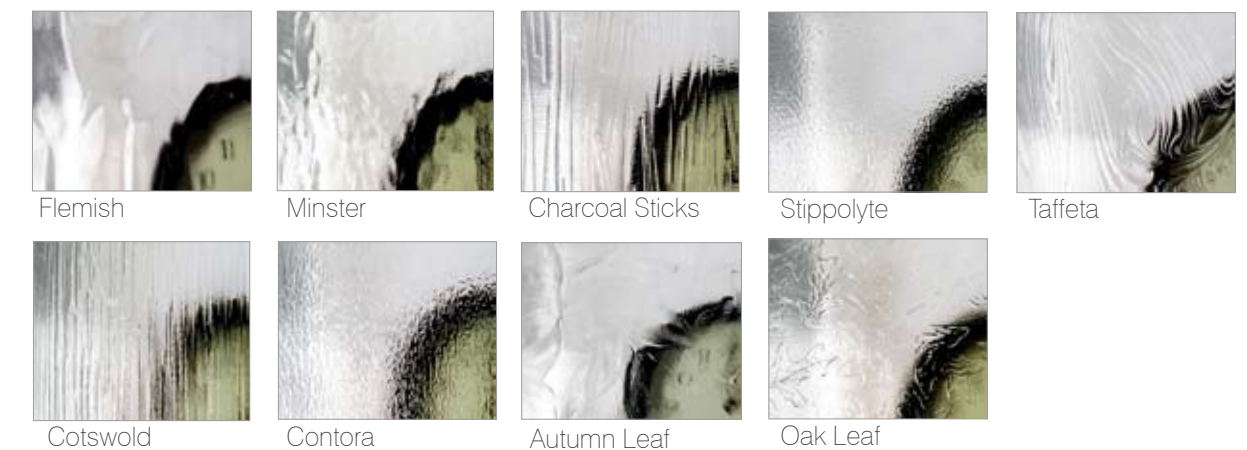

Inliten composite doors feature a range of traditional and contemporary door styles, suitable for all house types. Personalise your door with an authentic colour finish and stylish decorative glass option.

## Glass Options

Each decorative glass unit is handcrafted at our in-house glass studio and includes a range of intricate designs featuring bevels, tiles, lead, coloured resin and sandblast designs.

Choose from our 'Classic' decorative glass range, or our new 'Deluxe' range. Decorative glass options are available with both double and triple glazed applications.

In addition to clear glass, we also offer a range of textured/obscure glass options including:

## Bar Handle & Lock - Cottage Style Doors:

To give your Cottage-style door a more contemporary look and feel, then select our new bar handle and lock options. Available with Beijing, Seattle and Calgary styles. See page 36 for additional options.

## Inliten Composite Doors: Energy Efficiency

Composite doors are designed to maximise the energy performance of your home by keeping heat inside and cold air outside. Our doors are up to 20% more thermally efficient than a standard timber door.

The core materials of the door are also environmentally friendly, with a global warming potential of less than 5.

**Glass Code: AT-1EL**

Available As: Single & Double Rebate  
Glass: 24mm TG & 50mm TG - *Deluxe*  
Door Colour Shown: Blue

## Inliten Composite Doors: Triple Glazing

Triple glazed units are available with a range of styles in the Inliten composite door collection.

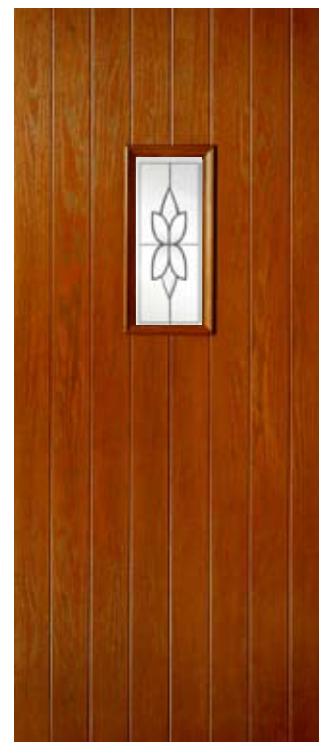

Triple glazing offers enhanced heat insulation, security, and sound proofing. Decorative designs feature in the middle pane of the glass unit, concealing them against the elements, and ensuring hassle-free maintenance.

NB: Glazing cassette size may be larger on double rebated doors; glass designs may also vary.

**Glass Code: AT-1SP**

## Oxford Style - Stable Doors

Designed for convenience, versatility and aesthetic appeal, the Inliten composite stable door features dual opening facilities with an Oxford diamond-shaped glass pane.

With a glazed top opening and solid bottom opening, the two sections can be opened as separate facilities or as a complete unit. Stable doors are ideally suited for both front and back door applications.

# Door Accessories

To complement the Inliten composite door collection, a range of quality, secure and stylish door furniture and accessory options are available.

## Lever/Lever Handles:

Doors are fitted as standard with a lever/lever handle. The lever is located on both sides of the door, and can be locked from the inside and outside.

## Lever/Pad Handles:

The pull pad is fitted to the outside of the door and locks automatically when the door is closed; access can only be gained using the door key.

## Thumb-Turn:

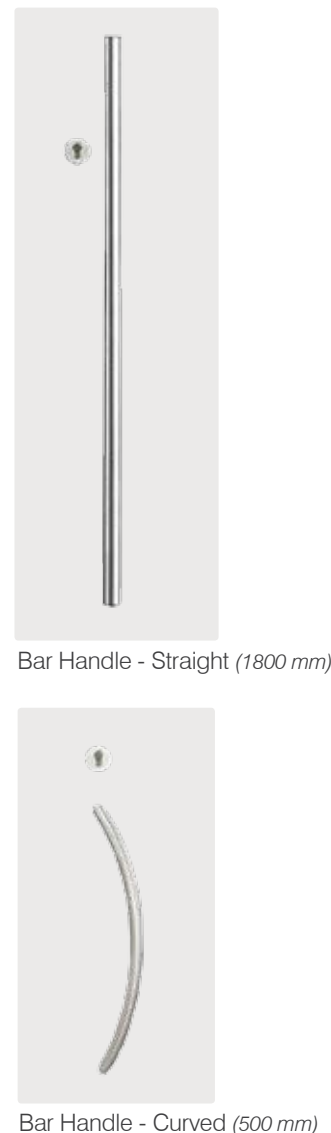

**Thumb Turn Cylinder Handle**  
Fitted to the inside of the door; engage lock by turning the thumb mechanism.

## Letterboxes:

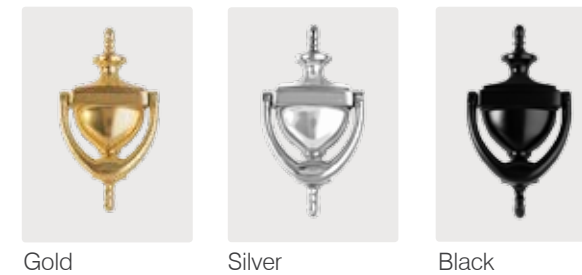

## Bar Handle options:

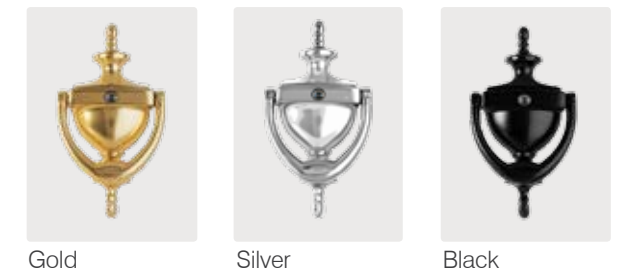

Contemporary in appearance and available with cottage-door styles only (styles BJ, ST, CG, AT & OX):

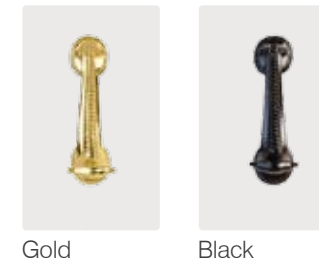

## Urn Door Knocker:

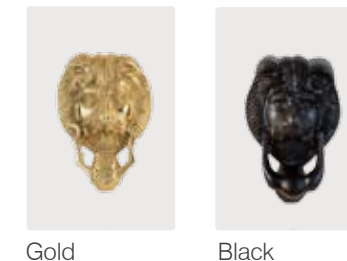

## Urn Door Knocker with Peephole:

## Scroll Door Knocker:

## Lion Door Knocker:

## Letters & Numerals:

## Door Thresholds:

**PVC Threshold**  
76mm PVC as standard; 50mm & 60mm options also available

**Stormguard Threshold**  
Provides enhanced weather-resistance and accessibility. Available in silver or gold finishes.

## Hinges:

**Butt Hinge**  
Fitted to single rebated doors; available in white, gold & silver

**Flag Hinge**  
Fitted to double rebated doors; available in white, gold, silver & black

## Sidelight Glass:

Sidelights are a stylish and practical addition to your door choice and are available to match many of the decorative designs featured in this brochure.

Sidelights will be designed to complement your chosen door glass design. Alternatively select a textured/obscure glass option, see page 7 for options.

# Technical Information

Door Slab	CFC-free Polyurethane Foam, layers of timber with impact-resistant Glass Reinforced Plastic (GRP) external and internal skins. Single and double rebated door slabs are available (options highlighted throughout brochure). Single rebated doors = 44mm thickness. Double rebated doors = 70mm thickness. Double rebate available on all styles except LB and BS. <i>Please check double rebate stock prior to ordering.</i> Min/max door slab size information on pg 39.
Door Slab Colours	Please select inside and outside colours for the door slab ( <i>standard will be white inside and coloured outside unless stated</i> ). Standard colours: White, Cream, Red, Blue, Green, Oak, Rosewood & Black/Schwarzburn ( <i>brown/black also known as 'Bog Oak', to match Inliten black frame</i> ). Spray-painted RAL colours also available: Jet Black (9005), Graphite Black (9011) Charcoal Grey (7016), Silver Grey (7001) and Chartwell Green ( <i>Renolit 49246-101100</i> ). Also shown in brochure: Traffic Yellow, Light Blue and Turquoise - <i>please check RAL codes with Camden before ordering.</i>
PVCu Frame	Inliten PVCu 70mm system with steel reinforcement. Doors will be mounted on a white frame unless stated. Door frames colours are available to match door colour range: Oak, Rosewood, Black, Cream, Red, Blue, Green, Charcoal, Silver Grey or another RAL colour of your choosing. <i>NB: frame colours may not be exact match to door slab.</i>
Locking	Cylinder locking system fitted as standard. High-security, anti-snap cylinder lockings also available at an extra charge. Locking systems designed to meet the requirements of PAS 23/24 and Secured by Design ( <i>laminated glass must also be selected to achieve this</i> ). <i>NB: PAS 24 only available on single rebated doors.</i>
Handles	Lever/lever handles fitted as standard. Lever/pad and thumb-turn options also available. White handles fitted on white doors as standard. Specify handle colour on coloured doors. Available in white, black, gold or silver. Bar handles available on selected cottage door styles ( <i>please check handle sizes prior to ordering</i> ) - <i>NB: glazing unit may be fitted in a different position and longer turnarounds/surcharges may apply.</i>
Hinges	Butt hinges on single rebated doors and flag hinges on double rebated doors. White hinges as standard on white frames. For coloured frames, please choose hinge colour: white, silver or gold. Black hinge option only available with double rebated doors.
Door Furniture	Letterboxes available in white, black, silver and gold. Urn knockers (with/without peephole) are available in black, silver or gold. Scroll and Lion knockers available in black or gold only. Numerals and chains may also be supplied as a non-fitted accessory.
Glazing	Glazing unit is 24mm on single rebated doors and 50mm on double rebated doors. Double and triple glazing options available - <i>refer to notes under door styles for glazing size information, some designs not available with double rebated door</i> . Glass categories: Plain, Classic and Deluxe. Range of textured glass options also available. Georgian Bar available in White, Cream, Oak, Black and Rosewood.
Backing Glass	Backing glass for glazing units are available on most styles except codes featuring CL, EL, SP, PR, DC, CR, CS & RM.
Sidelights	Sidelight glass designs will be based on your chosen door glass design and at the discretion of the manufacturer. Custom designs may be available ( <i>extra charges/longer turnaround times may apply</i> ). To order place the code "SD" in front of your chosen door/glass code. <i>NB: Matching sidelights not available with 'Deluxe' decorative glass range.</i>
Threshold	76mm PVC threshold as standard, 50mm & 60mm also available. Stormguard thresholds available as optional extra.
Guarantee	10 year guarantee on door slabs, 15 years on PVCu frames and 1 year on ironmongery. Composite doors meets all the stringent British Standard tests compliant with Parts L and M of Building Regulations.
